

Unmatched Starting Power

Heavy-Duty Performance Battery

BOSCH

Invented for life

Bosch T5 Mega Power Duty

Outstanding Performance

Robust and Powerful

- ▶ Superb cranking capability and endurance
- ▶ High density active material enhances performance output for heavy duty use

Maintenance Accessible Option

Open-Vented Design

- ▶ Removable vent plugs for battery maintenance if required

High Endurance Design

High Vibration & Corrosion Resistance

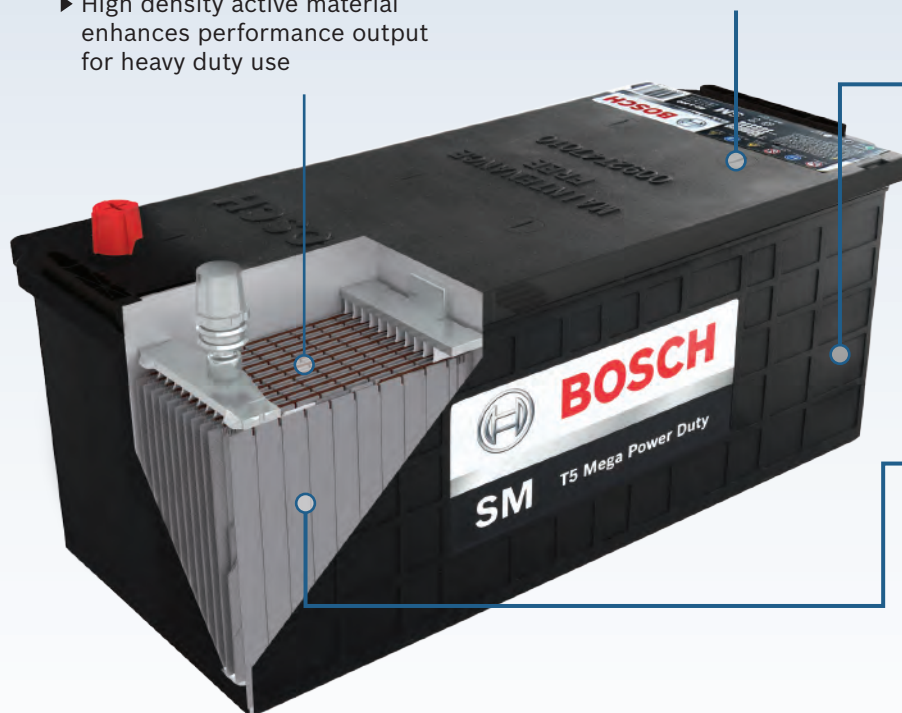

- ▶ Designed for rigorous use in demanding environments
- ▶ Impact-resistant casing for extra strong durability and protection

Assured Safety

Safe & Reliable Even in the Harshest Conditions

- ▶ Built-in flame arrestor for extra explosion safety against sparks
- ▶ Premium polyethylene separators prevent short circuits due to overheating or overcharging

Technical Specifications

Main Short Code	Bosch Part Number	Norm	Capacity (20HR)	CCA-Amps @ -18C (BCI/SAE)	RC (Min)	Length	Width	Height	Terminal Type	Cell Layout	BHD
4D-1125	0092T47010	BCI	145	1125	305	518	216	248	A	(-,+)	B0
4D-1400	0092T47011	BCI	200	1400	425	518	216	248	A	(-,+)	B0

Well-suited for:

Mining Vehicles

Dump Trucks

Heavy Duty Use
